4.0 Standing Items			
4.1	Arbiter	All	Considering a trail of Horizon WebRef. Cons- if you have an unaccepted game, you cannot see the games you've already accepted until you accept outstanding games. Pro- We have people that already know how to use the system and are proficient at it. After consideration- for the money savings, don't think it would be best to make the change, but would be willing to revisit the idea of a different system in the future. Especially if there is a site that all associations can agree on.
